

NextSTAR™

Premium Paint Finish Range.

10 YEARS LONGER LASTING
PROTECTION DUE TO ADVANCED
PAINT TECHNOLOGY.

NextSTAR™

Australian Standards | Meets AS2728: 2013

Due to its superior paint formulation NextSTAR™ pre-painted steel offers you 10 years longer warranty.

NextSTAR™ premium painted steel coating is the most advanced silicone-modified polyester formulation available in Australia. The silicone content provides a better performance – for colour, fade resistance and gloss protection. This coating unites the best film build top coat with pigment and primer systems developed for premium projects.

NextSTAR™ coatings live up to their star reputation when you need your design to last, providing first-class, strong resistance to scratching, chalking, fading and weathering. The addition of ULTRA-Cool IR-reflective pigments deflects solar heat, enabling buildings to stay cooler and use less energy for air-conditioning.

If your house is 200m from the coast or you need protection against extreme weather, ask about NextSTAR™ Ultra – an Australia first coastal and light industrial pre painted steel solution.

No matter the challenge, NextSTAR™ is the star performer.

WARRANTY

Best warranties on the market. The superior paint finish system gives you at least 10 years' longer lasting performance. We offer up to 30 years' paint performance warranty and up to 42 years' life to perforation warranty.

POLYESTER FINISH COAT WITH ADDED SILICONE

Better flexibility and resistance to cracking, up to 25% better gloss and colour retention, superior weatherability and outstanding colour consistency.

HIGHER FILM BUILD TOP COAT

NextSTAR™ uses an Australian first higher film build of guaranteed 25 microns (top coat); double UV filters and UV stabilisers.

RIGOROUS TESTING FOR AUSTRALIAN CONDITIONS

Tested in harsh conditions – Allunga, Queensland, Newcastle, New South Wales and New Zealand.

NEXTSTAR™ PAINTED FINISH TECHNOLOGY
